12/27/2021 - 12:43	Thomas W. Sonandres	Request to Update Overlay of Old and New CDs and LDs	<p>To: IRC Administrative Assistant for the IRC Mapper</p> <p>Reference https://www.azdemsld1.com/redistricting (i.e., the Comparative and Hoover Overlay maps), I would find it exceedingly helpful, as undoubtedly would dozens more, if the mapper would replace the current overlap map of 2010 LDs and CDs and draft proposed maps with an overlay of the 2010 LDs and CDs with the final LDs and CDs maps. If not possible, please advise and I will look for someone with mapping-tool talent to do so.</p> <p>Thanks for your and the mapper's countless hours of work. T</p>
12/27/2021 - 14:37	Richard Gosla	Stop the gerrymandering	<p>Stop the Republican guided gerrymandering. Make everyone's vote count. You must not have attended a history class where our Founding Fathers did not want taxation without representation. By having this ridiculous gerrymandering, you have now decided that only the right wing vote counts. SHAME ON YOU!!!!</p> <p>You are not Americans, only puppets of the far right. Heil Trump!!!!!!</p>
12/28/2021 - 09:18	Charles Cutillo	Covid mandate	<p>If Arizonans refuse to wear a mask and get vaccinated the the state should lose all federal help until they comply. This is making the world very unsafe . Vaccinate or lose federal funding. Don't let the people tell you how to run the state. Ducey needs to be fired. What an asshole.</p>
12/28/2021 - 09:28	Barbara Miller	redistricting	<p>Your map is not fair to Democrats. You did not follow the Constitution</p>
12/28/2021 - 10:34	Kathrine Alvord	Current redistricting	<p>PLEASE fight for Republican districts. AZ is primarily a Republican state and should be represented as such in DC. The effort should be far important to be ignored or go along to get along. Democrats should not be allowed to run roughshod over the AZ. We got Sinema as a result of the previous redistricting actions. We need at least one Republican in the Senate instead of two Dems. Rubber Stamp Kelly was installed in 2020 and does not represent AZ. Once again, we need to battle for Republican representation. PLEASE!</p>
12/28/2021 - 13:30	Michael R. McAfee	Inappropriate Boundaries	<p>Including the area north of Loop 101 into D2 when that District is over populated by 8291 people when you could have put those people into D28 which is under populated by 9580 smacks of Republican Gerrymandering. You have the chance to correct this apparent corruption in the final maps. Making D2 one of the most competitive districts should be what an Independent redistricting commission is all about.</p>
12/28/2021 - 13:41	Michael R. McAfee	LD6 / LD7 Boundary	<p>Drawing district boundaries for the purpose of benefiting incumbent office holders is forbidden by Prop 106. Drawing a boundary to benefit an incumbent looks like what happened when you changed the proposed boundary between D6 and D7 in Flagstaff by moving the line north from I40 to old US66 so Sen. Rogers residence would be included in a safe Republican district. It was this kind of thing that Prop 106 was passed to prevent. Please fix this apparent corruption in the final map.</p>
12/28/2021 - 22:56	Verna Renee Schlis	redistricting	<p>To whom it may concern,</p> <p>I heard the republicans are doing a terrible job of redistricting. This is disappointing because if you want to have a red wave, i suggest you do better. I am watch what's going on with republicans. I will only vote for those who are fighting for the American people. If any Az government official that represents the republicans side are not fighting for Arizonian rights. Well, I suggest you get out of the az government. My family and I want fighters who stand against any tyranny. We will keep an eye those warriors that support God's values and not their own because in the end of all of this thats all that matters is God's laws and values. So, I am strongly urging you to redistrict the correct way, so conservatives can have the win for decades to come. We need the right leadership in order for America to prosper. Thanks</p>

12/29/2021 - 12:26	Mark Haughwout	illegal redistricting	<p>I live in Flagstaff. Please explain to me how the final map accomplishes anything beyond your first of six goals!</p> <ol style="list-style-type: none">1. Equal population;2. Compactness and contiguousness;3. Compliance with the U.S. Constitution and the Voting Rights Act;4. Respect for communities of interest;5. Incorporation of visible geographic features, including city, town and county boundaries, as well as undivided census tracts; and6. Creation of competitive districts where there is no significant detriment to other goals. <p>The IRC has failed at even reaching the second goal. You have divided flagstaff in a ridiculous way and have stuck half the city in a district that reaches almost to Tucson and the other half reaches to Colorado and Utah!</p> <p>Do you really want us to be forced to legally challenge this in court and for the whole process to be destroyed?</p> <p>Mark Haughwout [REDACTED]</p>
