11/15/2022 - 09:27	Scott M. Jones	my new legislative district	I can not find a way to find my AZ legislative district. I have been to a site but it did not work. [REDACTED] Mesa, 85202 is my address
11/22/2022 - 20:57	Mark Savan	Legislative District Shapefiles	I have been using the shape files from your site to perform lookups of Legislative Districts for various addresses in Arizona. I'm finding that a certain portion of the 86336 zip code is incorrectly mapped to LD7 when they should be in LD1. An example address is [REDACTED] Sedona 86336.  Can you please confirm and let me know if I can provide other information that would help to resolve this issue
