

1           Okay. My name is Barbara Pape, Bullhead City.  
2           Keep the mapping to the guidance of our Constitution  
3           and founding fathers who have established three  
4           freedoms: freedom of prosperity, freedom of advancing  
5           through the classes, freedom of religious tolerance,  
6           and comply to our freedoms. That is all we have asked  
7           here in this region.

8           MS. VAN HAREN: I believe that was our last  
9           comment of the night. Thank you so much.

10           At this point we'll send it back to Chairwoman  
11           Neuberg to close out the meeting.

12           CHAIRPERSON NEUBERG: Yes. Thank you,  
13           everybody. We're going to close out the meeting. It's  
14           been a remarkable display of civic engagement. As  
15           you've seen today, on our website we have easy to use  
16           tools for learning about and for sharing information  
17           about your community of interest. Rather than relying  
18           on purely our interpretation of your comments today, we  
19           encourage you to go online and submit a map to us.  
20           This will ensure we correctly understand the definition  
21           of your community. Please encourage your friends and  
22           neighbors to share their thoughts, too. Anyone can do  
23           so online any time. There is no requirement to attend  
24           one of these meetings to be heard.

25           We look forward to your continued involvement,

1 and with this we will adjourn the public hearing  
2 tonight. Thank you for everybody's participation.
