Ethics Guidance

1. No Commissioner shall:

   a. Intentionally solicit, accept or agree to accept from any source, whether directly or indirectly and whether by himself/herself or through any other person, any personal financial benefit, including any gift for himself/herself or another, upon an agreement or understanding that his or her vote, opinion, judgment, exercise of discretion or other action as a public official will thereby be influenced.

   b. Disclose or use information designated by law as confidential in any manner prohibited by law or this Guidance.

   c. Knowingly disclose or use, other than in the performance of his or her official duties, information gained as a result of his or her official position and which is not available to the general public, for his or her personal financial benefit or the financial benefit of any other person, including compensation from any employment, transaction or investment entered into that utilizes or is based upon such information.

   d. Enter into any contract with a public agency or have an interest in the profits or benefits of a contract entered into with a public agency by any other person or entity, unless:

      i. The total gross annual income value of the contract is less than one thousand dollars, or

      ii. The contract is entered into by a business of which the Commissioner, his or her spouse or any minor child of the Commissioner, owns or controls, individually or combined, less than ten percent thereof, or

      iii. The contract has been awarded through public and competitive bidding pursuant to law, or

      iv. The subject of the contract between a member and a public agency is an appointment or employment for which an exception exists pursuant to Article IV, Part 2, Section 4 or 5 of the Constitution of Arizona.

   e. For the purposes of this Section:

      i. A Commissioner shall be deemed to “have an interest in the profits of a contract” if the contract is entered into by the Commissioner or the Commissioner’s spouse or any minor child of the Commissioner.
ii. “Public agency” means all courts and any department, agency, board, commission, institutional or instrumentality of this state but does not include counties, cities and towns or any other political subdivision.

2. A Commissioner who anticipates taking an action in the discharge of his or her official duties in which he or she may have a personal financial interest shall:

   a. Prepare a written statement describing the matter to be acted upon and the nature of the potential interest; and

   b. Deliver a copy of the statement to his or her fellow Commissioners. Such statement shall be retained by the Commission as a public record.

   c. A Commissioner shall report a potential personal financial interest as soon as the Commissioner is aware of such potential interest. If, however, such awareness occurs when the Commission is convened in a public meeting, a Commissioner shall report a potential personal financial interest as soon after the adjournment of that meeting as is possible.

   d. A Commissioner may abstain from taking any action in which he or she has a personal financial interest. Upon declining to participate in any Commission action, the Commissioner shall state his or her decision and such decision shall be recorded in the minutes of the Commission. Prior to declining to partake in any official action, a Commissioner must first prepare a written statement describing the nature of the personal financial interest or the reason why the Commissioner is declining to take part in official action and deliver the statement to his or her fellow Commissioners.

      ii. A personal financial interest exists if it is reasonably foreseeable that an action in the discharge of his or her official duties will have a material financial benefit or detriment either directly or indirectly on the Commissioner, his or her spouse or any minor child of the Commissioner, except that no personal financial interest exists if the Commissioner or such member of his or her household is a member of a class of persons and it reasonably appears that a majority of the total membership of that class is to be affected by such action.
