Comments / Comentarios:
I have lived in Mesa since 2017 and feel that I have had the best representation in my life locally as well as precinct, city, county, state & Federal. Best access to helpful representatives who are "hands on" and really care. Please leave CD5 intact for the best interest of resident citizens.

Re: Proposed District #7 – Removal of Coconino County Area

Dear Chair Neuberg and Commissioners:

I would first like to take the opportunity to thank you for accepting your roles in a position that is probably quite intense. Your position bears significant responsibility regarding the determination of new legislative and congressional district for the State of Arizona, and therefore the lives of every person living and voting in Arizona.

I would like to address some concerns. As I have been reviewing the final draft map, map 10.0, it would appear that in some instances the Arizona Constitutional guidelines were not followed.

According to Article IV, Part 2, Section 14 (C), “Districts shall be geographically compact and contiguous to the extent practicable.” Districts #6 and #7 do not have the appearance of being geographically compact, seeing how #6 wraps around #7, and is in portions of 7 different counties (Mohave, Coconino, Navajo, Apache, Greenlee, Graham and Gila), and District #7 is in portions of 5 counties (Coconino, Navajo, Apache, Gila, and Pinal).

Another point is in regard to Article IV, Part 2, Section 14(D) and (E), particularly in respect to District#7. The northern part of #7, being in the trees of the greater Flagstaff area, does not have the same community concerns as those residing in the more southern Superstition Mountain area of Pinal County. Incorporating these two areas with vastly different energy requirements due their varied climates. The different geographical surroundings and differing community needs do not meet the requirement “...community of interest to the extent practicable,” constitutional guidelines.

The word practicable is defined as capable of being done. Seeing how there is still the opportunity and capability to make some revisions prior to finalizing things, I would urge you to reconsider some of the lines as they are currently drawn. A suggestion would be to swap the Coconino County areas for the area in #6 that wraps around #7, populations should be fairly close, and that addresses the compactness objective. Or possibly include more of Pinal County which addresses the community of interest goal.
Chair Neuberg and Commissioners:

Thank you for taking the time to address these issues.

Sincerely,

[Signature]
Rebecca Anne Miller

Comments / Comentarios:
Breaking Gilbert into so many districts is very disruptive. The eastern boundary of Gilbert should remain with Gilbert, not combined with Queen Creek.
